To Follow My Heart (The Knights Of Berwyck, A Quest Through Time Novel Book 3)

Synopsis

Bestselling author, Sherry Ewing, brings you the next installment of her Knights of Berwyck series, *To Follow My Heart*. Love is a leap. Sometimes you need to jump. After a gut wrenching break up with her fiancé, Jenna Sinclair heads to the coast to do a little soul searching. To say everything is subject to change is putting it mildly. Her world is not only turned upside down, but pretty much torn asunder when she is pulled through a time gate on the beach beneath the Cliff House and transported more than eight hundred years into the past. Fletcher Monroe, captain of the garrison knights at Berwyck Castle, has wasted too much time pining for a woman who will never be his. When he finally decides to move on with his life and focus on his duties, he is suddenly confronted with a woman who magically appears at his feet. This could either be the best thing that has ever happened to him or another cursed event in a string of many. He soon finds he is wildly attracted to her, but she's scared to death of him – not a very encouraging beginning. From the shores of California to twelfth century England and back again, Jenna and Fletcher must find a way to reconcile their two different worlds before Time forever tears them apart. Although Sherry's books can be read as stand alones, there is a particular order to reading them as characters are introduced. They are:

- If My Heart Could See You*
- Hearts Across Time* (a special box set including *For All of Ever & Only For You*)
- For All of Ever: The Knights of Berwyck, A Quest Through Time Novel* (Book One)
- Only For You: The Knights of Berwyck, A Quest Through Time Novel* (Book Two)
- A Knight To Call My Own*
- To Follow My Heart: The Knights of Berwyck, A Quest Through Time Novel* (Book Three)

Customer Reviews

>6/21 - Book Review â “ To Follow My Heart>I am a reviewer for Blood, Sweat, & Tears RR Group. This book is the third in The Knights of Berwyck â “ A Quest through Time series and ends in an HEA. Jenna was dumped by a longtime boyfriend. She walks the beach to contemplate her life and wishes for a simpler time. Her wish thrusts her back to medieval times.>Fletcher is a knight pining after another manâ™s wife. He knows nothing can come of his infatuation. He follows a strict code of chivalry, but he has a hard time controlling his heart. Jenna and Fletcher meet with the help of a friendly ghost. For Fletcher, meeting Jenna is almost love at first sight. Jenna takes a bit longer to figure out where she is, when she is, and learning that Fletcher is trustworthy. The medieval time period is chock full of alpha males all about protecting their women and providing for them. Fletcher is very attractive in this time period.>When the couple visits Jennaâ™s time period, Fletcher loses his appeal. He can no longer provide for Jenna. Everything he sees and experiences make him seem silly and out of place. I enjoyed seeing Fletcher like a fish out of water. The only time he seemed like himself was when Jennaâ™s old boyfriend came back around. Fletcher went all alpha on the man and got rid of him quickly. I didnâ™t understand Jennaâ™s lack of empathy to Fletcherâ™s nervousness in his new surroundings. I thought taking him on a motorcycle ride was a bit mean.>This book is a fun read. The time portal seemed too easy to access, especially at the end of the book, but the story was fun. Some conflict or danger to really test the new relationship would have really made the story pop. Reading the first two books in this series is not necessary.
