The Five Elements: Understand Yourself And Enhance Your Relationships With The Wisdom Of The World's Oldest Personality Type System

Synopsis

The Five Elements brings the wisdom of an ancient healing system to modern readers, helping them understand themselves--why they do what they do--better. Dondi Dahlin shows us that we are all born with individual rhythms that go beyond the influence of our genes and upbringing. The five elements originated in ancient Chinese medicine over 2,000 years ago--when scholars theorized that the universe is composed of five forces: water, wood, fire, earth, and metal. Understanding these elements helps us stay in balance physically, mentally, spiritually, and emotionally. By explaining the efficacy of wood, the depth of water, the joy of fire, the compassion of earth, and the wisdom of metal, this book helps people understand themselves and form lasting connections to others, answering the age-old question of why we do what we do.

Book Information

Paperback: 320 pages

Publisher: TarcherPerigee (September 27, 2016)

Language: English

ISBN-10: 0399176292

ISBN-13: 978-0399176296

Product Dimensions: 7 x 0.9 x 7 inches
