Customer Reviews

Okay. I have to stop and bring my thoughts together. There is, once again, much we learn here as our Agents fight the best battle they can. We follow two missions through this book. First and foremost in many eyes is what Wellington Books and Eliza Braun are up against. Following the trail

of the isotope Blackwell created for in Dr. Jeckyll, Wellington Books and Eliza Braun find themselves in India where a person Jeckyll had been in contact with was heading. Books and Eliza are trying to track down all on the list that are working with Dr. Jeckyll. It's going a bit...rough. They are trying to clean up Dr. Jeckyll's work and mess of super-enhanced people who go a bit mad and grow in size along with other abilities. This leads them to where one of Dr. Jeckyll's patients had worked, and shared secrets with military in India. Not only are the medicines that Jeckyll experiment with an issue, but there are experimental equipment that is now in the hands of the Ghost Rebellion forces. And this brings a new battle for Wellington and Eliza to battle, trying to get to Jeckyll. But reinforcements come! Well, one assassin that is, and the agents that remain in India. Yes, you guessed it by the mention of assassin. We get to see Sophia again. I really do love this woman, and seeing her personality clash with Eliza's is fun. I believe we will see her more in the last book to come as well - you'll come to the same conclusion in the end. The second mission we follow is with Bruce and Brandon. They are sent to the arctic cold winter of Russia to find and obtain a Firebird feather to help cure the queen after the effects of Dr. Jeckyll's serum in the last book. I have enjoyed the bold Bruce in previous books, but here I have started to see another side to him.
