Hidden (A Bone Secrets Novel Book 1)

Synopsis

Eleven years ago, the Co-ed Slayer murdered nine female students on the Oregon State University campus. Lacey Campbell barely escaped his attack, but lost her best friend whose remains were never found. As the sole surviving victim, Lacey helped send the sadistic serial killer to prison for life. Now a forensic odontologist examining teeth and bones for the state Medical Examiner, Lacey is devastated when she arrives at a crime scene and identifies the skeletal remains as her college friend's. The remains are discovered on the land of ex-cop Jack Harper. Sparks fly between him and Lacey, even as they realize that the prosecution's witnesses from a decade ago are now being murdered one by one. All the evidence points to the Co-ed Slayer as the culprit "only, he's long since dead. So who's the new killer? And is Lacey next in line to die?" Golden Heart finalist Kendra Elliot combines chilling suspense and steamy romance in a gripping tale, uniting in-depth forensic knowledge with a passion for thrillers. Set in the snowy winter of Oregon, *Hidden* creates spine-tingling chills.

Customer Reviews

I'm ashamed to admit that I did finish this book because I was hooked enough to want to know who the killer was, but also so I could do the public service of writing this review and saving you from

having to read it. Here's the plot free of spoilers: 10 years ago Lacey Campbell narrowly escaped being a victim of the co-ed killer but tragically lost her friend Suzanne and for years struggled with survivor's guilt and depression. Now she is a doctor of forensic dentistry and while at the scene of a found skeleton realizes it is Suzanne the one victim of the co-ed killer whose body was never found. With this discovery someone's plan has been set in motion, he is killing people involved in the sentencing of the original killer. Is he a copycat, or did the co-ed killer have a partner that was never found? The apartment where the body was dumped belonged to Jack Harper a rich eligible bachelor with the reputation of a playboy. He and Lacey are instantly attracted to each other. Harper is a former police officer who also has a guilt complex from a shooting during his time in uniform that led to him leaving the force. Killer stalks Lacey, Lacey and Jack struggle with their feelings for each other, also there is an ex-boyfriend turned friend of Lacey's hanging around to up the stakes for Jack, and a creepy abusive ex-husband who is the possible killer. All of this is interspersed with the occasional gloating interlude from the perspective of the killer which gives us clues into his insight and next victim all while conveniently withholding enough to leave him unidentified.
