Synopsis

When danger claims her, rescue comes from the one man she least expects. A cowgirl at heart, Bo Hamilton does her best thinking in wide-open spaces. So when money goes missing from the family foundation she runs, meaning one of her trusted ragtag employees is a thief. Bo rides into the Crazy Mountains to figure things out. But a killer hiding among the sawtooth ridges takes her captive and isn't planning on ever letting her go. Bo's disappearance gets folks thinking she's the guilty one who's run off with the money, but Jace Calder would bet his ranch that she's innocent. Not that he has any reason to trust the beautiful, spoiled senator's daughter. But she also gave his troubled sister a job when no one else would. For his sibling's sake, Jace is going after Bo and bringing her home to face the truth. But up in the mountains, he finds Bo at the mercy of a suspected murderer. As her only hope, Jace is about to find out what they're both made of.

Customer Reviews

This was my first foray into a BJ Daniels novel, and it's part of The Montana Hamiltons series. Although well written and exciting, it was clear from the first page that I was missing previous information about the numerous characters and storylines. I was intrigued enough, though, to go back and find out more about previous installments. The blurb made me feel as if the main characters

were going to be Bo and Jace â ” and while they are the couple who get their HEA, their story had no greater preference given than the ones between Jaceâ ™s sister, Emily and her new beau, Alex (who I loved!), Sarah and Russell, or Buckmaster and Angelina. Honestly, they all seemed to have the same number of pages allotted to their stories. Thereâ ™s a pretty significant ongoing storyline going on here as well about Sarah and her mysterious return from the dead, along with the mystery of Emilyâ ™s stalker. It almost made Boâ ™s kidnapping a bit dull! I zipped through the book quickly, because there is so much happening. I wanted to find out more and more and more and so kept turning pages! Honestly, though, I was most invested in the new relationship with Alex and Emily â | more so than Jace and Bo. Iâ ™m hoping that the next book is theirsâ “Iâ ™ll snap it right up! The author has a way with wordsmithing. I was never bored or confused or kicked out of the story due to odd phrasing or confusing description. She kept the pace galloping forward and while I wouldnâ ™t say it was edge-of-your-seat, exactly, the tension seldom lets up. I canâ ™t fault her skill in the least. I suppose ultimately I felt frustrated at having missed book one. This book just didnâ ™t stand alone as strongly as I would have liked.
